Dell Adamo XPS Laptop Battery Replacement

We will replace the laptop battery after removing the old battery.

Written By: Christopher Melo-Pelaez

INTRODUCTION

We will replace the laptop battery after removing the old battery.

       www.iFixit.com

Step 1 — Removal of the Laptop Battery

⚠️ Turn off the laptop before doing anything to the laptop.

● Then turn the laptop around on its back.

Step 2 — Slide the release latch

● On the back of the computer there is a latch that you have to slide and hold in order to remove the battery.

● Then you have to push the computer battery towards the computer and rotate upwards.

● Finally lift the battery out of the computer.

Step 3 — Inserting new battery

- Align the battery with the battery slot before rotating it in place. There will be a snap.

⚠️ Be careful snapping the battery in place don't use force to out in place.

The battery will already be within the laptop, so no further steps needed.
