Step 1 — Turning Over the Computer

⚠ WARNING: Before working inside your computer, read the safety information that shipped with your computer.

⚠ CAUTION: To avoid electrostatic discharge, ground yourself by using a wrist grounding strap or by periodically touching an unpainted metal surface (such as a connector on your computer).

⚠ CAUTION: To avoid damage to the computer, use only the battery designed for this particular Alienware computer. Do not use batteries designed for other Alienware computers.

● Shut down the computer and turn it over.
