

Dell Inspiron 15 3567 Battery Replacement

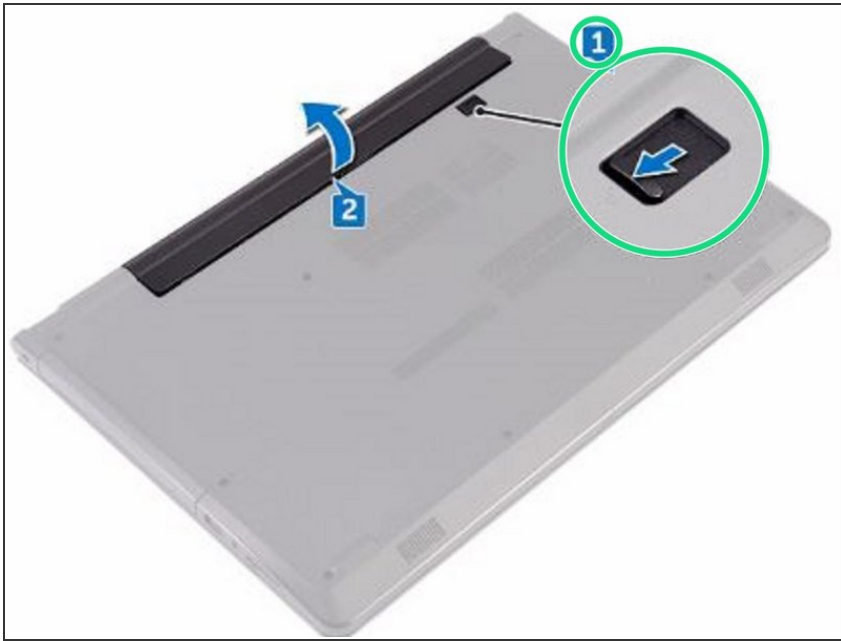

Written By: Terrence15

INTRODUCTION

In this guide, we will be showing you how to remove and replace the Battery.

Step 1 — Sliding the Battery Latch

⚠ WARNING: Before working inside your computer, read the safety information that shipped with your computer and follow the steps in [Before Working Inside Your Computer](#). After working inside your computer, follow the instructions in [After Working Inside Your Computer](#).

- Slide the battery-release latch to the unlocked position.
- ⓘ You hear a click sound when the battery is unlocked.

Step 2 — Lifting the Battery

- Using your fingertips, lift the battery at an angle and remove it from the battery bay.

Step 3 — Open the Display

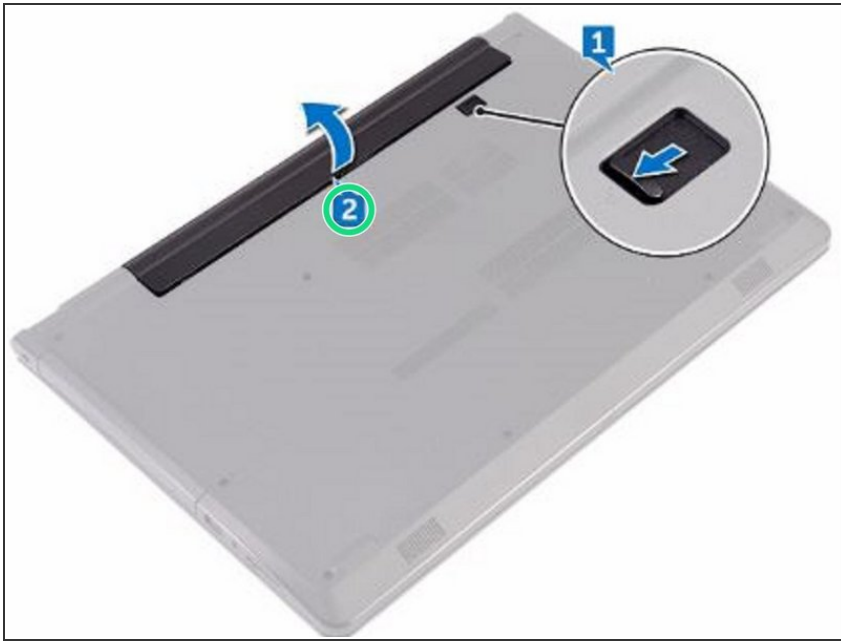

- Turn the computer over, open the display, and press the power button for five seconds to ground the system board.

Step 4 — Close the Display

- Close the display and turn the computer over.

Step 5 — Placing the Battery

- Place the battery in the battery bay and snap the **NEW** battery into place.
