

Dell Inspiron 15-5548 Keyboard Replacement

This guide will show you how to remove the keyboard so that you can replace it.

Written By: Hunter Oliver

INTRODUCTION

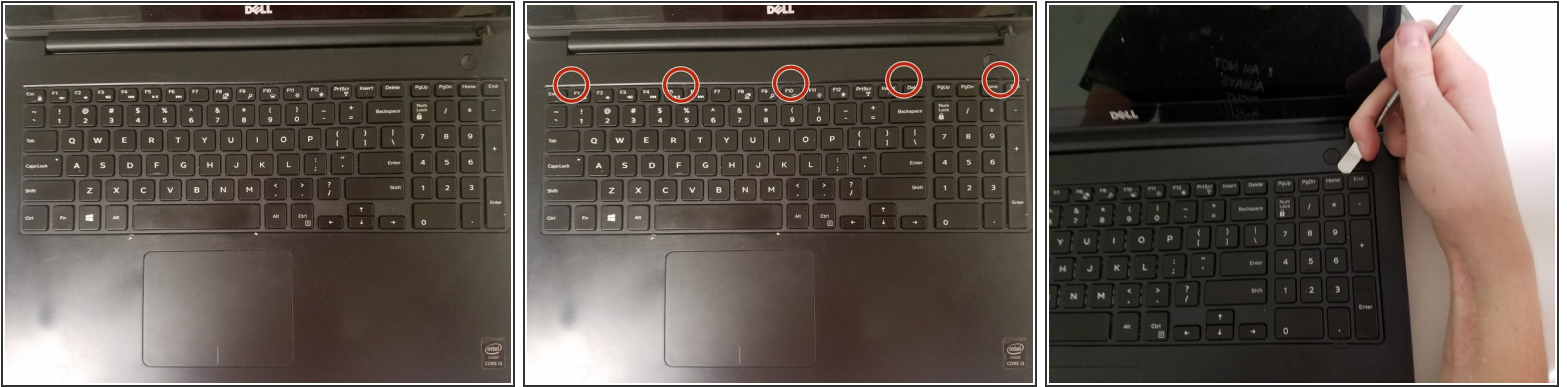

This guide will show you how to remove the keyboard so that you can replace it.

TOOLS:

- [Pro Tech Toolkit](#) (1)
-

Step 1 — Keyboard

- Open up the front of the laptop.
- Locate the 5 holes at the top of the keyboard, as circled in Picture 2.
- Use a tool to pry up the keyboard at each of the 5 points.
 - ⓘ This may take some extra force, and it should pop when it is pried off.

Step 2

- When all the points have been pried up, gently lift the keyboard.
- Lift the ZIF tabs holding down the two ribbon cables, and gently remove them.
- Remove the keyboard.

To reassemble your device, follow these instructions in reverse order.
