Dell Inspiron 8600 Display Removal

Follow this guide if you would like to remove the entire display module, case and all.

Written By: Victor

INTRODUCTION

Follow this guide to remove the display module.

🔧 **TOOLS:**

- Phillips #1 Screwdriver (1)

Step 1 — Battery

- Remove the battery from the bottom of the laptop.

- Please click on the following link for further instruction on how to remove the battery. Dell Inspiron 9100 Battery Replacement

- (i) It is important to remove the battery so that you will not be electrocuted while working with the computer's hardware.
Step 2 — Hinge Cover

- Insert a spludger into the notch at the far left side of the top blue panel and pry hinge cover off.

- Note: You may need to pry the other side off by inserting the spludger between the hinge and the top cover.

- ⚠ Be careful of wire attached to underside of the hinge cover.
