 **TOOLS:**

- [Phillips #0 Screwdriver \(1\)](#)
- [iFixit Opening Tools \(1\)](#)

## Step 1 — Battery

- Shut down the computer and turn it upside down.

## Step 2

- Slide both of the battery release latches on the bottom of the device in towards the center of the computer.

## Step 3

- Slide and lift the battery up and out from the device.

## Step 4 — Keyboard

- Open the computer and push the screen back as far as possible.

## Step 5

- Slide a plastic opening tool into the slots on the top of the keyboard.

## Step 6

- Pry the keyboard away from the device using the plastic opening tool.

## Step 7

- Lift and slide the keyboard towards the screen to remove the tabs on the keyboard from the slots on the palmrest.

## Step 8

- Flip the keyboard over and place it on the front of the device making sure not to pull out the keyboard cable.

## Step 9

- Lift up the connector latch and remove the keyboard cable. The keyboard is now free from the device.

## Step 10 — Palmrest

- Turn the computer over and remove the six screws that secure the palmrest assembly

## Step 11

- Turn the computer over and open the display as far as possible and remove the four 5 mm Phillips # 0 screw holding the palmrest in place.

## Step 12

- Disconnect the power button board cable, touch pad cable and the hot key board cable from the connectors.

## Step 13

- Use a plastic opening tool to carefully pry out the palmrest assembly and lift it off the computer base.

## Step 14 — Display Assembly

- Turn the device over and then remove the two 5 mm Phillips #0 screws that keeps the display assembly to the base and then flip the device.

## Step 15

- Disconnect the display antenna cable from the Mini Card.

## Step 16

- Disconnect the LCD display cable and touch screen cable.

## Step 17

- There are two 5 mm Phillips # 0 screws on each hinge.
- Unscrew the four 5 mm Phillips # 0 screws holding the hinge that keeps the monitor in place.

## Step 18

- Lift the display off the computer base.

To reassemble your device, follow these instructions in reverse order.
