---

## INTRODUCTION

Before disassembling your laptop to replace any device components, you must remove the battery. By removing the battery, you can prevent hazardous power issues.

---

### PARTS:

- [Dell Inspiron n5050 Battery](#) (1)
-

## Step 1 — Battery

- Flip your laptop over to view the bottom and locate the two locks.

## Step 2

- Slide the two locks away from each other.
- ❗ Sliding these locks will loosen the battery to allow removal.

## Step 3

- Pull battery out of the laptop.
- ⓘ Your laptop's battery should be completely removed.

To reassemble your device, follow these instructions in reverse order.
