INTRODUCTION

Keycaps can become sticky or damaged over time. Here is how to remove and replace large sized keycaps, like the space bar.

TOOLS:
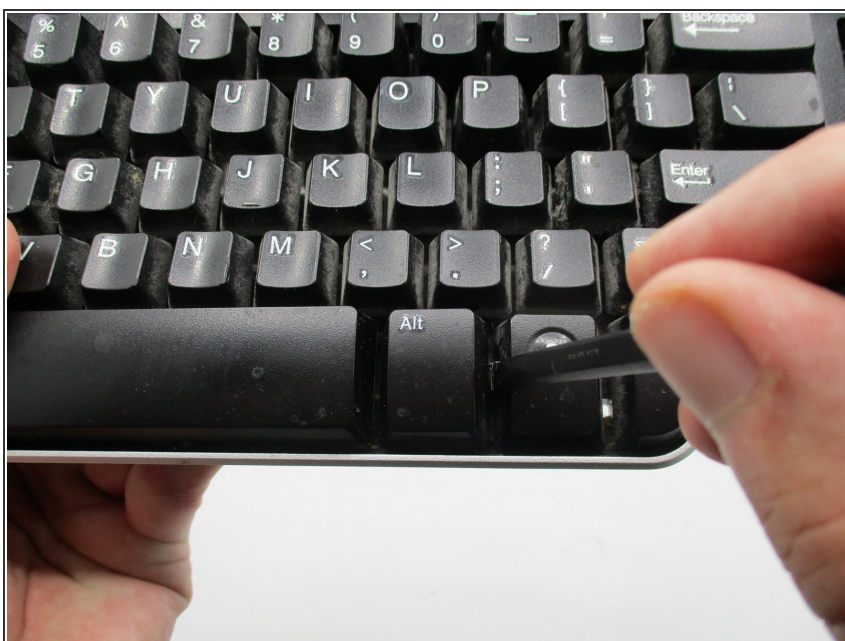

- Qisan Keycap Removal Tool (1)

PARTS:

- Medium Keycap (1)
- Large keycap (1)

This document was generated on 2020-04-06 08:28:30 AM (MST).

Step 1 — Medium Keycap

- Place the prongs on either side of the keycap

- Twist to grip the top and bottom corners

- Pull the keycap from the board

Step 2

- Insert the flat end of the spudger under the medium keycap and gently press up until it pops off

This document was generated on 2020-04-06 08:28:30 AM (MST).

Step 3 — Large Keycap

- After removing the medium keycaps around the large keycap, gently pull up on the large keycap

To reassemble your device, follow these instructions in reverse order.
