

# Dell Latitude D810 Hard Drive Replacement

## Replacement

This guide accomplishes how to replace the hard drive in your Dell D810

Written By: Prajwal Rajashekhar

 **TOOLS:**

- [Phillips PH000 Screwdriver \(1\)](#)

## Step 1 — Bottom Case

- Unscrew the 2 screws holding the Hard Drive in

## Step 2 — Hard Drive

- Slide the hard drive out of its place (this will require a little bit of force)

To reassemble your device, follow these instructions in reverse order.
