

# Disassembling LG VX8550 Case

Written By: Nathan Jones

# INTRODUCTION

Steps to remove LG VX8500 case

## TOOLS:

- [iFixit Opening Tools](#) (1)
- [Phillips #00 Screwdriver](#) (1)
- [Push Pin](#) (1)

## Step 1 — Battery

- Slide the battery release up.

## Step 2

- Remove the battery by lifting away from the case.

## Step 3 — Case

- Remove the 2 screw covers next to the rear speaker with a Push Pin.

## Step 4

- Remove the 4 cover screws with a Philips #00 screwdriver.

## Step 5

- Use the iPod opening tool to pry off the back casing.

## Step 6

- Continue sliding the iPod opening tool around the seam of the casing to separate the front and back casings.

## Step 7

- Separate the casing halves.
- ⚠ Be sure to keep track of the side buttons as they fall out.

To reassemble your device, follow these instructions in reverse order.
