---

## INTRODUCTION

Removing the front cover is a necessary first step in disassembling the camera in order to repair or replace any internal parts.

---

### TOOLS:

- [Phillips #00 Screwdriver](#) (1)
-

## Step 1 — Battery

- Locate the battery door at the bottom of the camera.
- Press down on the door and slide it back. The door will pop open.

## Step 2

- Remove the battery from the door that you opened in the previous step.

### Step 3 — Disassembling Sony Cyber-shot DSC-T1 Removing Front Cover

**i** There are two screws on the left and right sides of the camera, and two screws on the bottom.

- Use a PH00 screwdriver and remove the six 2.9mm screws.

### Step 4

- Use hands to gently pry the front casing away from the camera.

To reassemble your device, follow these instructions in reverse order.
