

Escort Passport 9500IX Back Panel Replacement

How to replace a Escort Passport 9500IX back panel.

Written By: Kennedy Morales

INTRODUCTION

To keep your device protected, make sure that the back panel of your device is crack free. If your radar's back panel has a really bad crack, follow these steps to replace it.

TOOLS:

- **Spudger** (1)
- **Phillips #1 Screwdriver** (1)

Step 1 — Back Panel

- Remove the three 1.2 mm Phillips #1 screws on the back of the device.

Step 2

- Pry off the back panel of the radar using the nylon spudger.

To reassemble your device, follow these instructions in reverse order.
