

# Filter cleaning

Filter cleaning, for Panasonic ER430K.

Written By: Kyle

# INTRODUCTION

This guide will assist in the cleaning of the trimmer filter

## Step 1 — Filter cleaning

- Remove protective cover.

## Step 2

- Rotate the blade block counter-clockwise and remove.

### Step 3

- Remove the filter from Panasonic ER430K.

### Step 4

- Take filter, rinse with water, and dry.

To reassemble your device, follow these instructions in reverse order.
