

Fujifilm X30 Battery Replacement

To replace your dead camera battery follow the steps in this guide.

Written By: Jay Sterner

INTRODUCTION

This is a step by step guide that describes the process of replacing the battery in the Fujifilm X30 camera.

PARTS:

- [Fujifilm Li-Ion Battery NP-45A](#) (1)
-

Step 1 — Battery

- Turn the camera upside down.
- Place your thumb on the switch, and slide it towards the center of the camera.
- ⓘ The compartment will pop open.

Step 2

- Once you have the battery compartment open, slide the orange tab away from the battery until it ejects.

Step 3

- Pull the battery out.

To reassemble your device, follow these instructions in reverse order.
