GATEWAY ML6720 Hard Drive Replacement

Detailed steps on how to replace the laptop's hard drive.

Written By: Nathan Da Silva

🔧 TOOLS:

- Flathead 3/32" or 2.5 mm Screwdriver (1)

Step 1 — Hard Drive

- Flip the laptop on to its backside.

Step 2

- Locate the hard drive at the bottom left corner of the laptop's backside.

Step 3

- Insert the correct screwdriver mentioned in this guide.

- Fully loosen and remove each of the two screws located at the top left and bottom left corners of the hard drive's cover plate.

Step 4

- Slide the hard drive's cover plate out to the left and take it off.
