

Garmin Approach S2 Back Cover Replacement

This guide will illustrate how to access and remove the back cover for the Garmin Approach S2

Written By: Yufeng

INTRODUCTION

Want to see what is inside the case? Take off the back cover of the device.

TOOLS:

- T5 Torx Screwdriver (1)

Step 1 — Back Cover

- Remove the six T5 Torx 6.32mm screws securing the back cover to the watch.

Step 2

- Remove the back cover carefully.

i Even after the screws have been removed, the back cover can still be quite difficult to take off. Moderate to extensive prying may be required. Be gentle, but *firm*.

To reassemble your device, follow these instructions in reverse order.
