Gateway NV55S Screen Replacement

This guide teaches you how to replace the screen in a Gateway NV55S series laptop.

Written By: Joseph Sctbunio

## TOOLS:

- Pro Tech Toolkit (1)

Step 1 — Remove screw covers & screws

- At both sides of the bottom of the screen, there are screw covers. Use a flathead screwdriver to remove them.

- Behind each of them will be a screw. Unscrew each screw.

Step 2 — Remove LCD Bezel

- Use a spudger to remove the bezel.

Step 3 — Remove lid

- At each corner of the LCD will be one screw to remove. Remove each screw, disconnect the webcam (if applicable), and pull back on the lid.

- ⚠ Don't forget to disconnect the webcam before pulling the lid back!

Step 4 — Remove LCD cable

- Separate all of the tape from the back of the LCD screen, and then pull straight back on the cable to remove it from the LCD.

Step 5 — Remove LCD

- On each side of the LCD, there are three screws holding it. Remove all of them. You're done!

To reassemble your device, follow these instructions in reverse order.
