INTRODUCTION

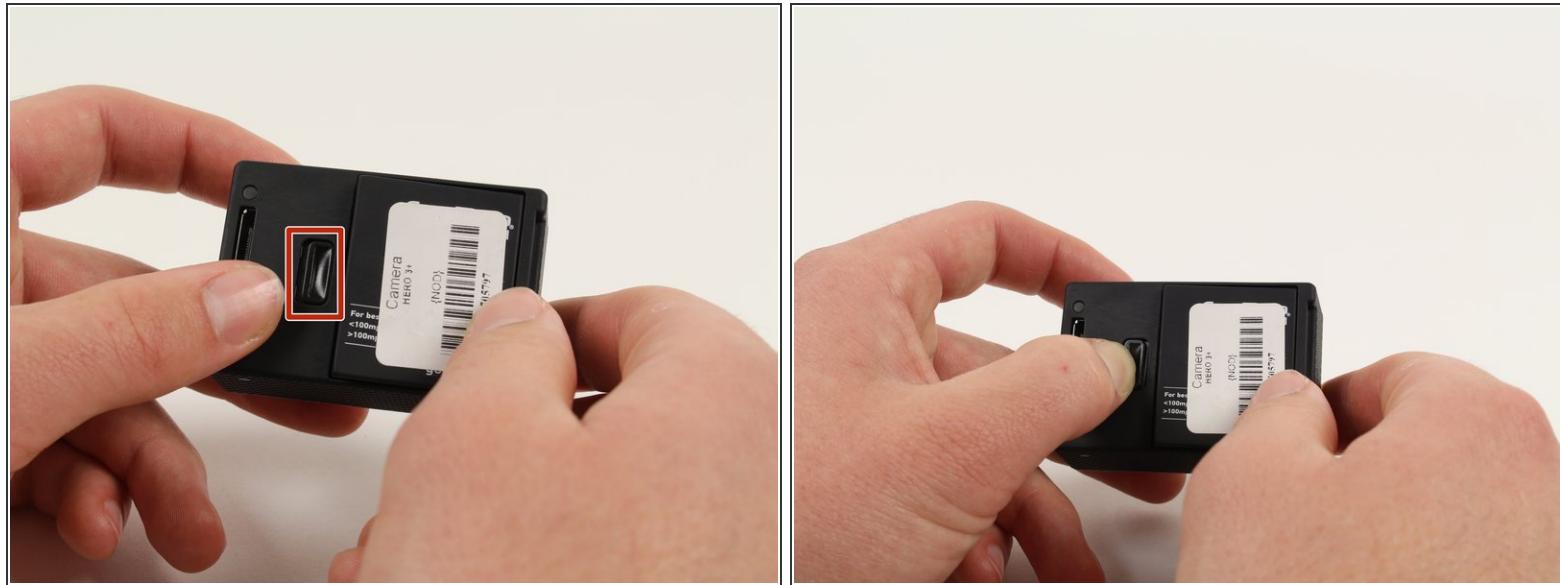

Is your GoPro is not charging properly? Your battery might need to be replaced. This guide will show you how to not only access the battery but how to remove it as well.

PARTS:

- [GoPro Hero3/3+ Replacement Battery](#) (1)
- [GoPro Hero3/3+ AHDBT-301 Battery](#) (1)
- [GoPro Hero3/3+ AHDBT-302 Battery](#) (1)

Step 1 — Battery

- Push the tab on the back of the device left to remove the plate covering the battery.

Step 2

- Use the strip of tape on the battery to remove the battery from the housing.

To reassemble your device, follow these instructions in reverse order.
