

Google Pixel XL Loudspeaker Replacement

Is the loudspeaker on your Google Pixel XL having issues with sound or in need of replacement?
Follow this free step-by-step guide to replace it yourself!

Written By: Blake Klein

INTRODUCTION

There currently aren't any widespread issues regarding the loudspeaker on the Google Pixel XL. However, with time, there will be normal wear-and-tear so replacement will be necessary to return your Pixel XL to its outwardly expressive self.

TOOLS:

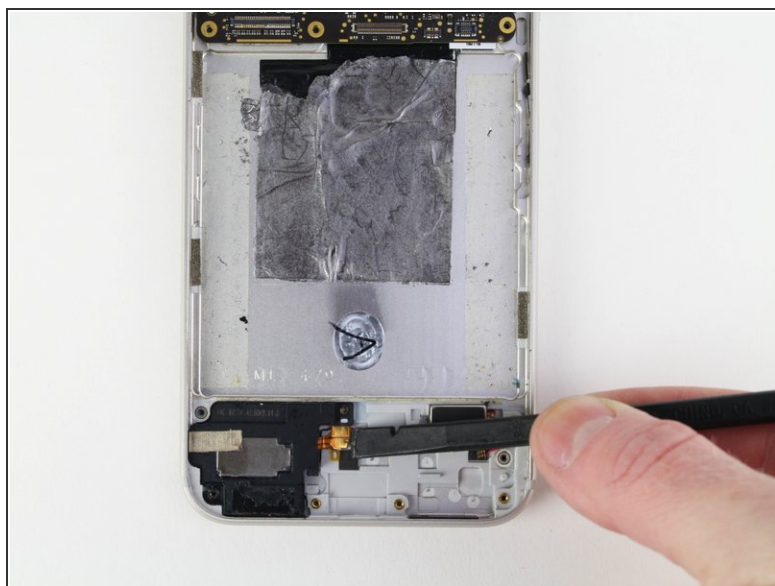

- [Suction Handle](#) (1)
- [T5 Torx Screwdriver](#) (1)
- [SIM Card Eject Tool](#) (1)
- [iOpener](#) (1)
- [Spudger](#) (1)
- [iFixit Opening Picks set of 6](#) (1)

PARTS:

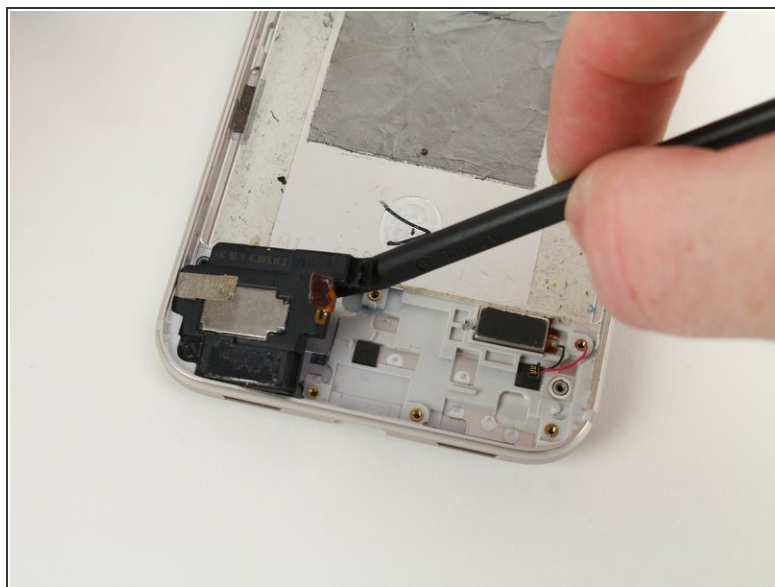

- [Google Pixel XL Loudspeaker](#) (1)

Step 1 — Loudspeaker

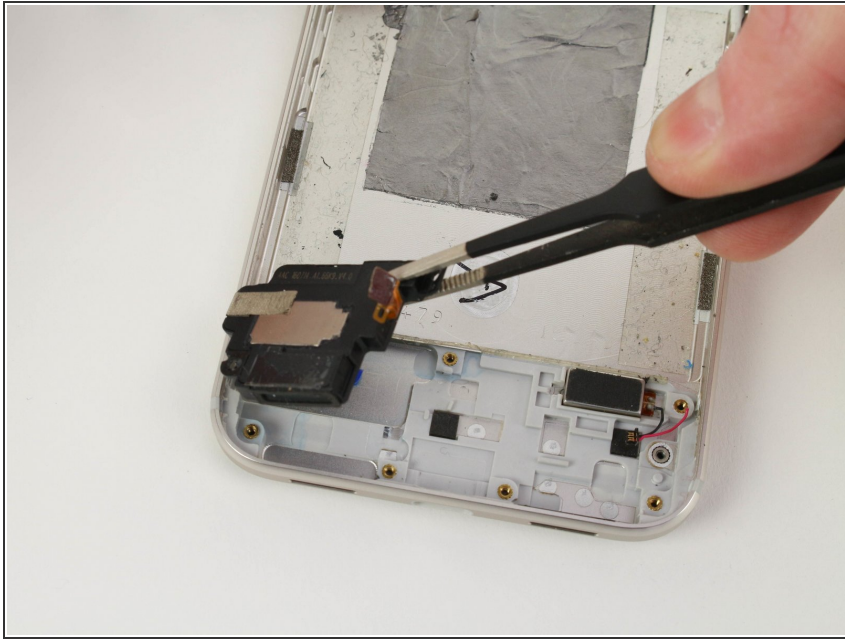

- Slide the flat end of a spudger underneath the ribbon cable and pry up to separate it from the device.

Step 2

- Work the pointed end of a spudger underneath the loudspeaker anchor point and pry upwards.

Step 3

- Remove the loudspeaker.

To reassemble your device, follow these instructions in reverse order.
