

HP Compaq 2510p Battery Replacement

Replacement guide on how to remove the battery in the HP Compaq 2510p.

Written By: Dan Champagne

INTRODUCTION

This repair is simple, you will need to move two switches and pull to release the battery.

Step 1 — Battery

- Flip the laptop over and locate the two battery release switches. It can be found to the left and right of the battery pack.

Step 2

- Slide each switch outward with your thumbs, the battery will now be loose and can be pulled out.

Step 3

- The battery has been release.

To reassemble your device, follow these instructions in reverse order.
