# HP Compaq Presario V3000 Battery Replacement

If your laptop will not hold or keep a charge, the battery may need to be replaced. This step by step guide will assist you in replacing the battery.
Written By: Ricky Jaimez

INTRODUCTION

Battery replacement is a relatively easy task that requires no tools. Just be sure that you have removed the power plug and allowed the laptop time to cool down.

Step 1 — Battery

- Make sure the laptop is powered OFF. Gently turn the laptop over and place it on a flat surface.

⚠️ The battery may be warm or even HOT to the touch.

- Locate the battery **EJECT** latch.

Step 2

- Grab the laptop firmly on the side and using your thumb, press the eject latch towards the **OUTER** edge of the device.

- The battery will be lifted out of the laptop slightly as you press the latch over as far as it will go.

- When replacing the battery, you **DO NOT** need to adjust the latch. Once the battery is replaced, snap it into place and the latch will return to normal.

Step 3

- Pull the battery up and towards you to remove it from the laptop chassis.

- Once the battery is out, you will be able to check the battery label for the replacement part number.

- ⓘ The part number is needed when purchasing a new battery.

To reassemble your device, follow these instructions in reverse order.
