# HP Mini 110-3131dx Memory Card Replacement

Replace your memory card to increase the storage and speed of your HP Mini 110-3131dx.

Written By: aarondcollege

INTRODUCTION

This is a step by step guide to help you replace the memory card for the HP Mini 110-3131dx in order to increase the laptop's performance.
⚙ TOOLS:

- Phillips #1 Screwdriver (1)

Step 1 — Battery

- Completely turn off the laptop before trying to remove the battery.

- Turn the laptop upside down, and find the sliding tabs located on the battery.

- Slide both tabs in an inward direction then slide the battery away from the laptop
Step 2 — Back Cover

- To remove the bottom cover pull the orange tab to the right until it clicks.

- Carefully disconnect the clips as you lift the bottom cover

Step 3 — Memory Card

- Find the two silver screws that hold the memory card cover.

- Take a PH1 screwdriver and unscrew the two screws.

- Remove the metal cover

Step 4

- Pull the two white tabs located on either side of the memory card away from each other until the card pops up

- Remove the card
