Step 1 — Back Cover

- Locate the screws highlighted to remove.

- (i) We recommend removing the battery first. Refer to the "Battery Replacement" guide to learn how to remove the battery.
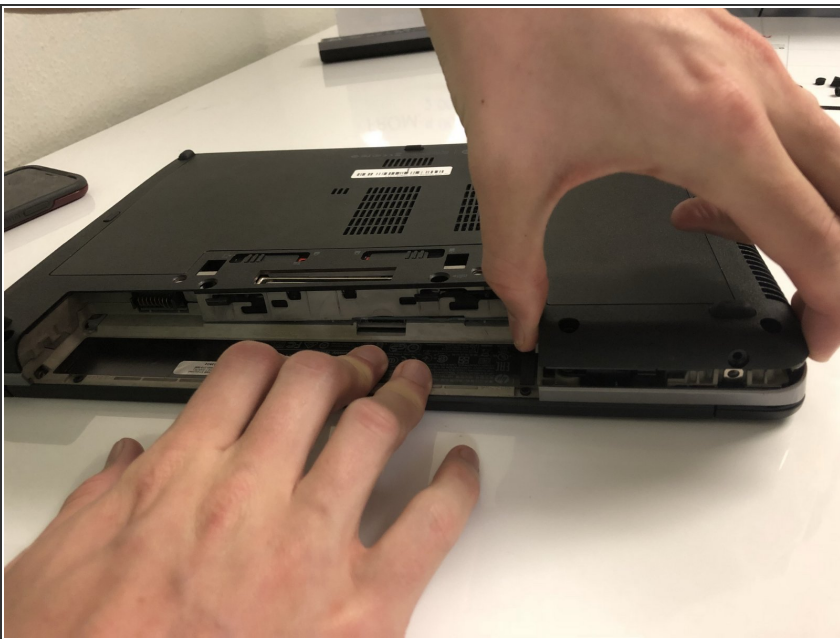

Step 2

- Remove the middle back lid shown in the image.

- (i) May require a bit of force. If it is not coming out try the other side.

Step 3

- Go around the edges with a special tool to pop lid out of place.

Step 4

- Once all corners are popped out of place lift the cover up slowly.

ⓘ Lifting the lid should not require much force.

To reassemble your device, follow these instructions in reverse order.
