# HP Pavilion 15-bk020wm Keyboard Cover Replacement

This guide will walk you through the process of replacing a broken keyboard cover in an HP Pavilion 15-bk020wm laptop.

Written By: Meshayla Block

INTRODUCTION

This guide will assist you in replacing the keyboard cover on your HP Pavilion 15-bk020wm device. Your device might need this replacement due to rough handling. This is also a prerequisite guide for further device dismantling.

🔧 TOOLS:

- iFixit Opening Tools (1)
- Phillips #00 Screwdriver (1)
- Spudger (1)

Step 1 — Keyboard Cover

ⓘ Turn computer off. Unplug the computer from the power source.

● Remove the 4 computer feet. (Our device didn't have these; they can be taken off with a plastic spudger.)

● Remove the two screw cover strips.

● Remove the two screw cover plugs.

● Unscrew all 12 screws (size: Phillips M2.5×7.0) from the bottom of the computer.

| |

Step 2

- Turn the computer over to the front.

- Open the laptop.

- Using plastic pry tool, pry up the keyboard cover near the hinge on both the right and left side and work your way toward the touchpad.

Step 3

- Remove the blue connection cable gently.

- Lift the keyboard cover off.

To reassemble your device, follow these instructions in reverse order.
