Step 1 — Battery

- Flip the laptop over so the bottom is facing up.

- Place your finger on the top left-hand slide button with the lock symbol.

- (i) Moving the slide does require some force.

- Slide the button to the right so that an unlocked symbol is visible.

Step 2

- Place your finger or thumb on the top right-hand slide with the battery symbol visible.

- Slide the button to the left.

- (i) Moving the slide will require some force.

- Lift the battery off the computer with your thumb.

- (i) You will not need to slide the right button with the battery to reinstall the battery.
