

HP Pavilion DV3 Battery Replacement

This guide will show you how to remove the battery.

Written By: Luke Whitmarsh

INTRODUCTION

You will be removing the battery. This is a short and simple guide.

Step 1 — Battery

- **Step 1 – Battery:** Locate the battery release slider on the bottom of the laptop and move it in the direction of the arrow to the unlock position.
- The yellow highlighted edge of the battery should pop up slightly when the switch is moved

Step 2

- **Step 2:** Using the edge of the battery that has popped up, lift the battery out of the computer.

To reassemble your device, follow these instructions in reverse order.
