

HP Pavilion g7-1150us Battery Replacement

This guide will show you how to replace the battery of your HP Pavilion g7-1150us.

Written By: Kyle Dinunno

INTRODUCTION

If your laptop is not charging or having difficulties staying charged, you may need to replace the battery. This is a very simple guide to replace your battery that requires no additional tools.

PARTS:

- [HP MU09XL Replacement Laptop Battery](#) (1)
-

Step 1 — Battery

- Slide the battery removal switch towards the center of the laptop until the battery pops out.

Step 2

- Remove the battery from the computer.

To reassemble your device, follow these instructions in reverse order.
