

# HP dv5-1125nr Battery Replacement

This guide will go through the process of removing the battery.

Written By: Nick Loey

## INTRODUCTION

Removing the battery is usually the first step to reaching the guts of any laptop. HP has utilized a simple one-switch release system to aid in the removal of the battery.

## PARTS:

- [HP HSTNN-Q34C Replacement Laptop Battery \(1\)](#)

## Step 1 — Battery

- **Ensure your computer is shut down.**  
Removing the battery while the laptop is still on may corrupt your files. Remove any power adapters and cords connected to the laptop body.
- **Slide the switch to the left until the release clicks.**

## Step 2

- **Remove the battery.**
- **The release switch may need to be held down while removing the battery.**

To reassemble your device, follow these instructions in reverse order. Note the release switch does not need to be held down to replace the battery.
