INTRODUCTION

This is the teardown of the HTC Droid Incredible. We will show you how to take the phone apart.

This will take fifteen minutes. And in order to reconstruct please follow the steps backwards to the start.

TOOLS:

- [No 0 Philips Head Screwdriver](#), flat head screwdriver, [Tweezers](#) (1)
 - [64 Bit Driver Kit](#) (1)
 - [Essential Electronics Toolkit](#) (1)
-

Step 1 — Opening it up

- Start by removing the back cover.

Step 2 — Removing Battery

- Then remove the battery.

Step 3 — Unscrewing Back

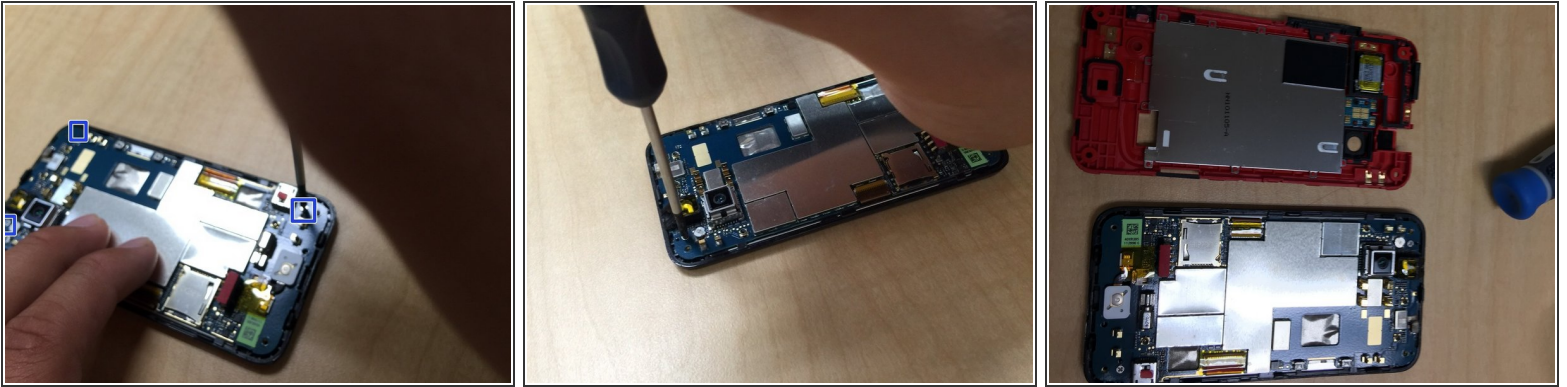

- Then remove the four screws located in each corner of the phone.

Step 4 — Removing Back

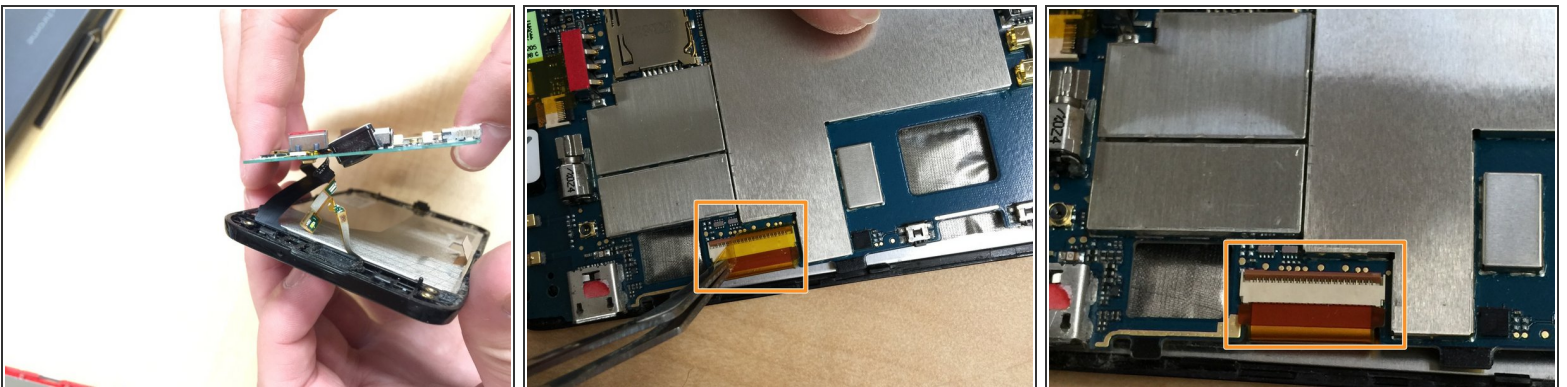

- Then carefully start to spit the phone from any corner.

Step 5 — Unscrewing Motherboard

- Then remove the three screws. one at the top and the other two at the bottom.

Step 6 — Removing Strips and Motherboard

- After removing the screw you also have to remove the orange strip by lifting up the top of the container. Then pull the strip out of it.

Step 7 — Removing Screen

- Remove the top two screws on the pone that will be encased in tape, and then pull the screen out using Blue Opening tool or other.

Step 8 — Screen Is Removed

- That is how you take apart the HTC
