

Hannspree SN12E2 Battery Replacement

How to replace Battery in the Hannspree SN12E2.

Written By: Brianna Johnson

INTRODUCTION

This guide will show you how to remove and replace a battery in the Hannspree SN12E2 laptop. Battery's are used to power your device if your device is not turning on or holding a charge this may be the solution.

Step 1 — Battery

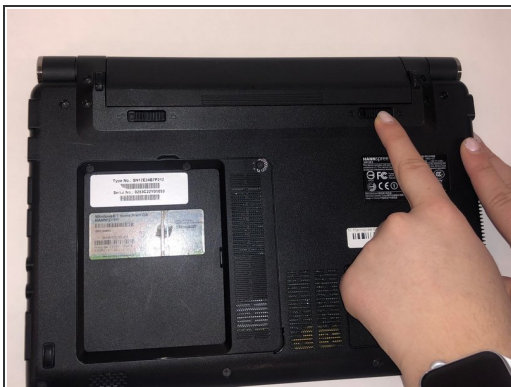

- Unplug and power off your laptop.

Step 2

- Close your laptop .
- Place your laptop face down on a flat surface.

Step 3

- Unlatch the lock on the top right of your laptop first.
- You will need to pull on the lock on the left side and remove the battery at the same time
- The left lock is a spring lock and needs constant pressure applied in order to stay open.

To reassemble your device, follow these instructions in reverse order.
