

Hisense Chromebook C11 Back Panel Replacement

How to replace a Hisense Chromebook C11 back panel.

Written By: Alexander Burrell

INTRODUCTION

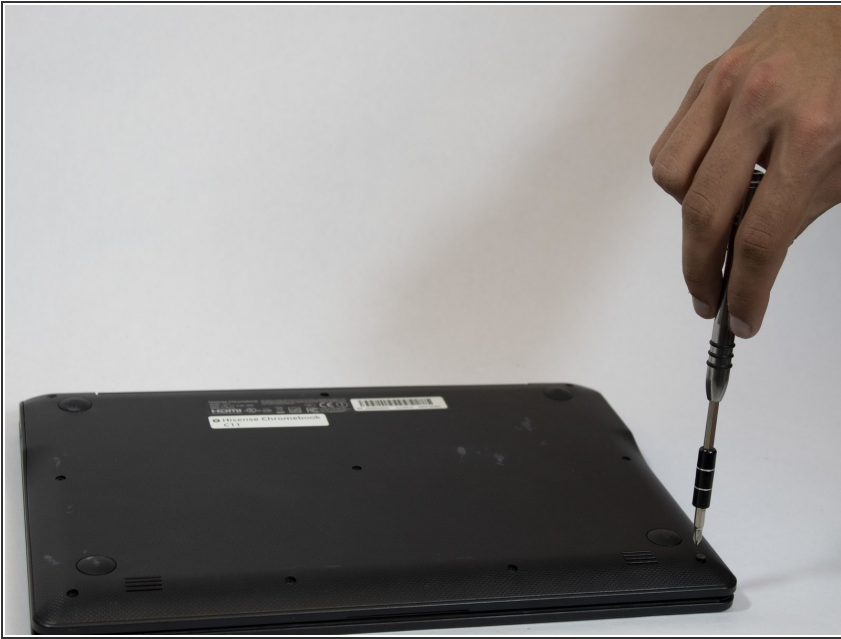

This guide demonstrates how to properly remove and replace the back panel on a Hisense Chromebook C11.

TOOLS:

- [Phillips #00 Screwdriver](#) (1)
 - [iFixit Opening Tools](#) (1)
-

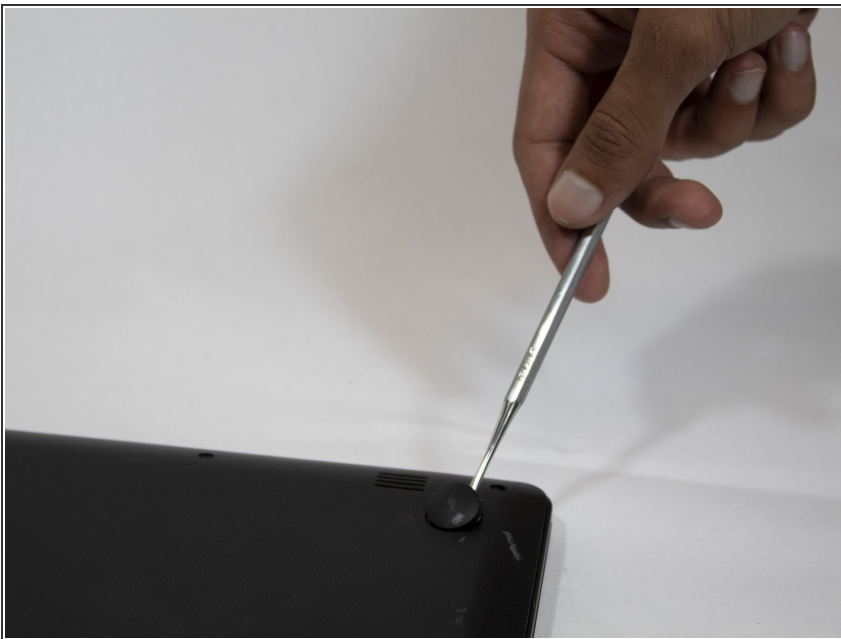

Step 1 — Back Panel

 Make sure that the laptop is turned off and disconnected from any power sources.

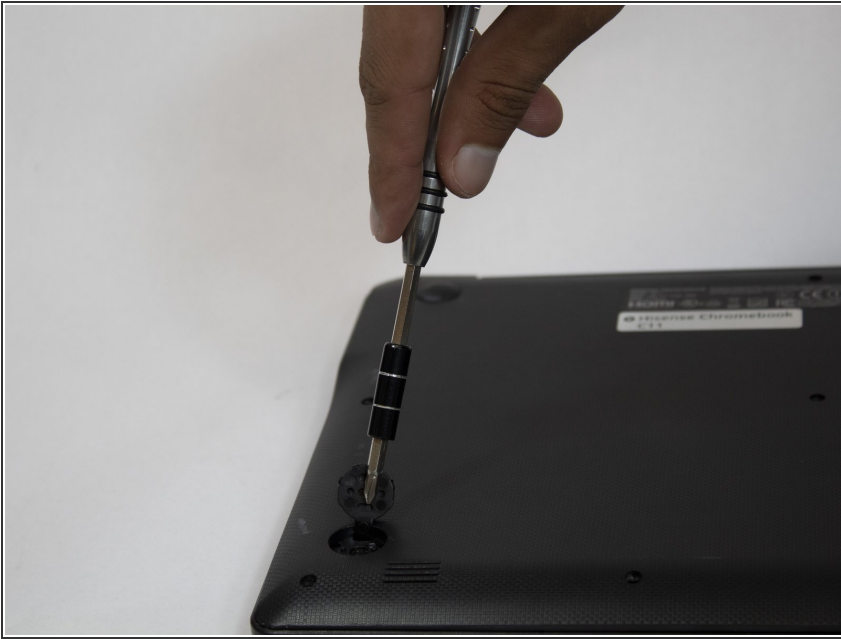

- Flip over the Chromebook.
- Unscrew the screws with Phillips #00 screwdriver.

Step 2

- Remove the front two hub caps.

Step 3

- Unscrew the screws with Phillips #00 screwdriver.

Step 4

- Pry the perimeter of the case with a plastic opening tool.
- Remove the back panel.

To reassemble your device, follow these instructions in reverse order.
