Step 3

- Unscrew the screws with Phillips #00 screwdriver.

Step 4
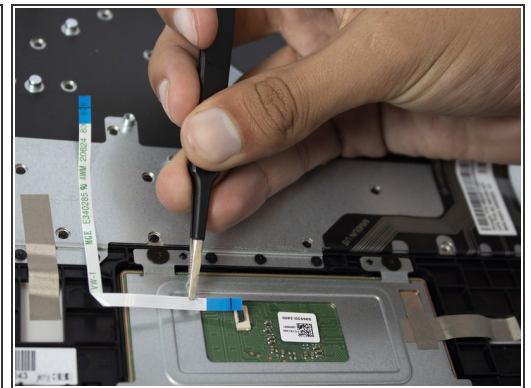

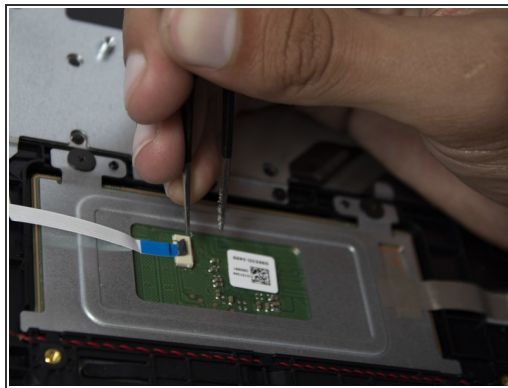

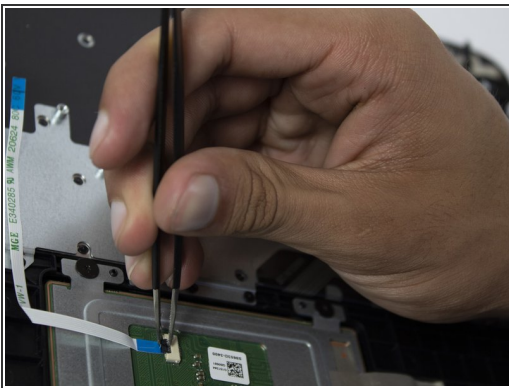

- Pry the perimeter of the case with a plastic opening tool.

- Remove the back panel.
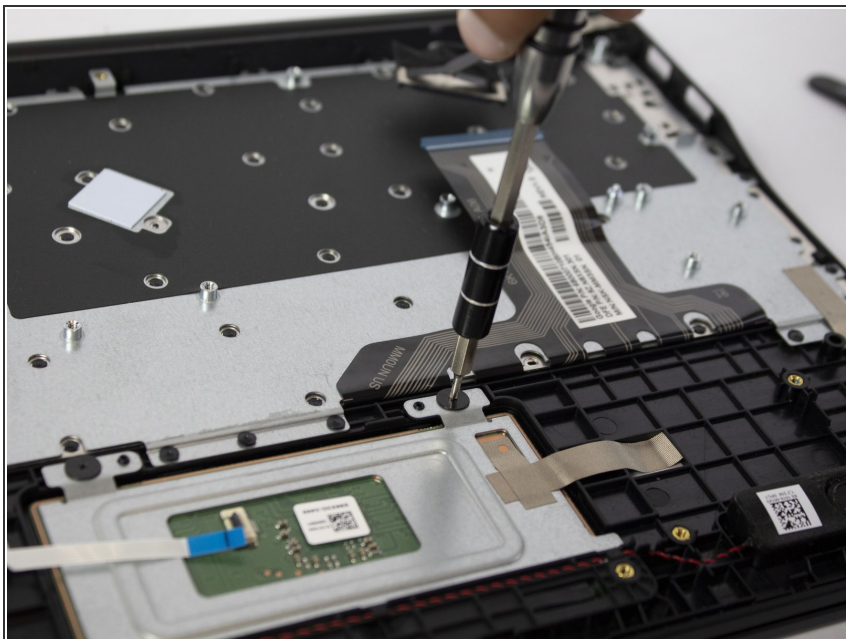

Step 5 — Trackpad

- Remove the electrical tape.

Step 6

- Flip up the bracket holding the ribbon in place.

- Gently but firmly pull the ribbon free.

Step 7

- Using the Phillips Head Screwdriver, remove the screws at the topmost part of the panel holding the trackpad in place.

Step 8

- Using tweezers, remove the silver electrical tape.
