

Hot Wheels AI Intelligent Race System Car Batteries Replacement

This is a step by step guide on how to replace the car batteries.

Written By: Luke Marshall

INTRODUCTION

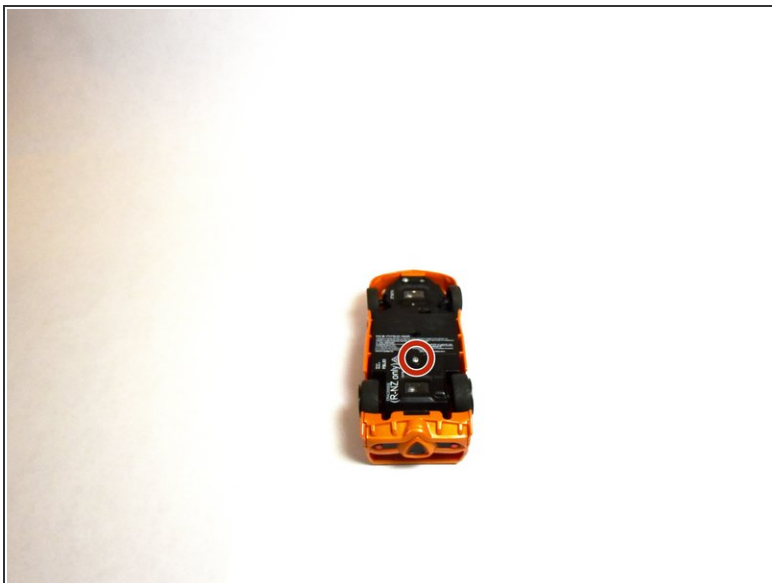

Using your Hot Wheels AI Intelligent Racing system may drain out the battery. Consider replacing them!

TOOLS:

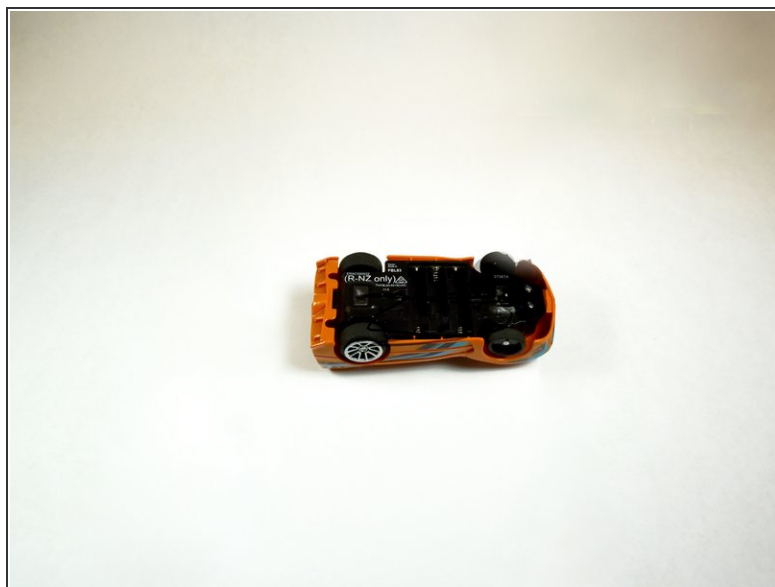

- JIS #1 (1)
-

Step 1 — Car Batteries

- Use a JIS #1 screwdriver to unscrew the single screw that secures the battery cover on the bottom of the car.

Step 2

- Make sure there are no rust or broken springs in the battery slot.
- Press on the positive end of the battery to either remove or insert.

Step 3

- Turn on the controller and car to see if the device is responsive.
