INTRODUCTION

Occasionally, a cord stopper can come loose from the drawstring on your jacket. You can put it back on in just a few steps – read on to find out how.

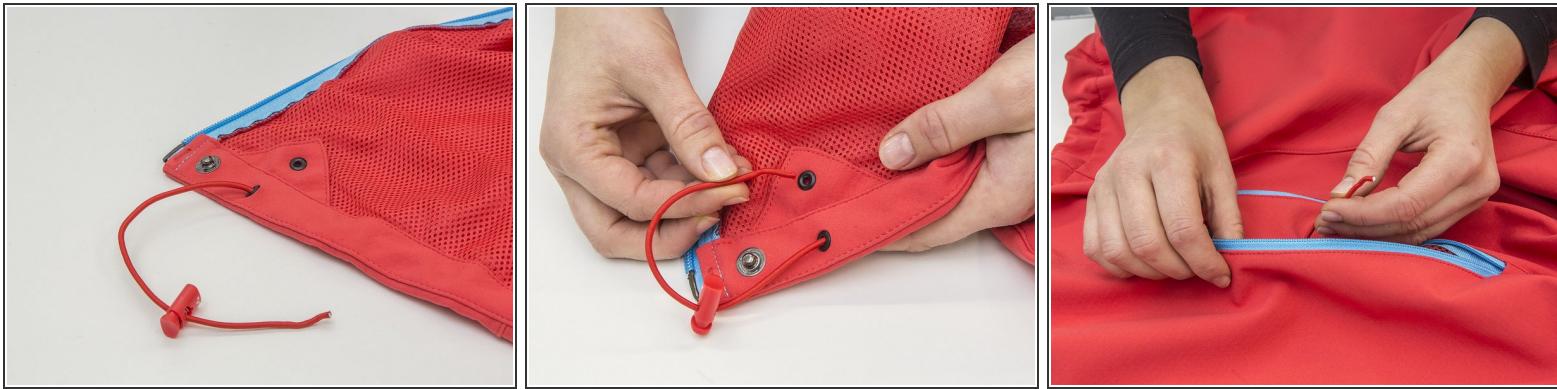

TOOLS:

- Utility Scissors (1)

PARTS:

- New Item (1)

Step 1 — Cord stopper on my Vaude jacket

- Thread the end of the drawstring through the grommet. Reach into the inner pocket and pull the drawstring through.

Step 2

- Thread the cord stopper onto the drawstring, tie a knot in the end and cut off the leftover drawstring.
