INTRODUCTION

This guide teaches you how to install a tension lock which is frequently used as adjusters on back pack straps.

TOOLS:

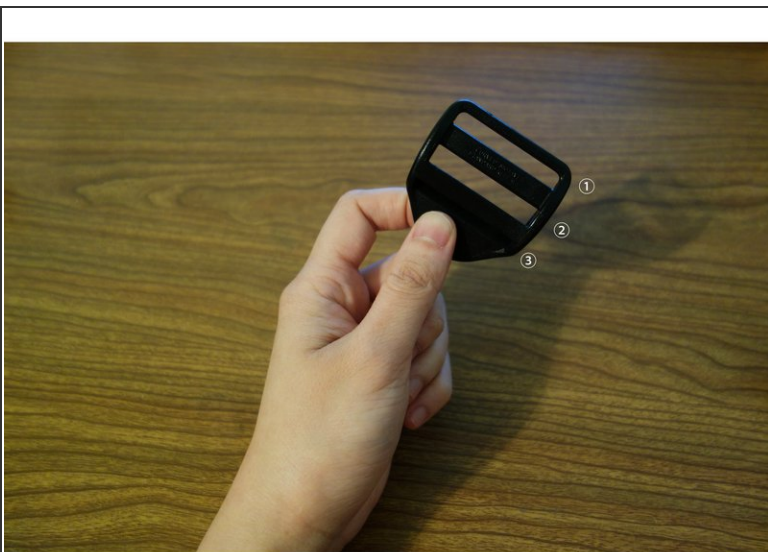

- [Tension lock](#) (1)
 - [Poly strap](#) (1)
-

Step 1 — How to Install a tension lock

- Prepare one tension lock and two poly straps, 26' and 6'.

Step 2

- Hold the lock and insert the short strap from hole 2 to hole 1

Step 3

- Insert the long strap from hole 2 to hole 3

To reassemble your device, follow these instructions in reverse order.
