

How to clean a Shoe

Written By: Tyler Worwa

Step 1 — How to clean a Shoe

- First you need 409 glass & surface and a wet rag.

Step 2

- Put the wet rag on it & flip it as fast as you can.

Step 3

- Clean the shoe on one side.

Step 4

- Now do the same thing on step 2.

Step 5

- Now clean the other side of the shoe.

Step 6

- As you clean both shoes, they will look good as new and you will be ready to run.

The way to do it was easy. Switch to moderate way.
