

# How to disassemble/assemble Canon 100-400mm F4.5-5.6 IS version I lens

Canon 100-400mm F4.5-5.6 IS version I lens

Written By: Fan

## INTRODUCTION

The lens shown was dropped into the water. Water Stains are everywhere inside the lens. Besides, the autofocus of the lens failed to work. Even worse, the previous owner tried to open the front lens elements but damaged all the screws.

This is part I.

How to deal with the lens that all the front elements screws were damaged.

<https://youtu.be/1Z8DzNbczyY>

This is part II, how to deal with the autofocus and assemble the lens.
