Compared with other smartphones, Huawei Honor 8 is a much easier phone to repair.

Steps:

Step 1 Remove battery cover

Step 2 Remove motherboard and loudspeaker

Step 3 Remove battery

Step 4 Remove the broken LCD screen

Step 5 Install a new LCD screen

Step 6 Reassemble Huawei Honor 8

## TOOLS:

- Precision Utility Knife (1)
- Prying and Opening Tool Assortment (1)
- Heat Gun (1)

## PARTS:

- Huawei Honor 8 LCD and Digitizer (1)

To reassemble your device, follow these instructions in reverse order.
