TOOLS:

- Heat Gun (1)
- Suction Handle (1)
- iFixit Opening Picks set of 6 (1)
- Spudger (1)
- Phillips #000 Screwdriver (1)

PARTS:

- Huawei Ascend P7 battery (1)

Step 1 — Battery

- Remove back cover.

Step 2

- Remove battery securing bracket.

Step 3

- Release battery connector and pry up the battery carefully. Attention: There are strong adhesive under the battery in the red circle. It's really difficult to cut the adhesive. What's more, be careful with the flex under the battery when prying.
- Finally, remove the battery and place new one.

To reassemble your device, follow these instructions in reverse order.
