## Step 1 — Rear Cover

- Remove the rear cover at the back by pulling the gap located at the bottom of the phone.

## Step 2

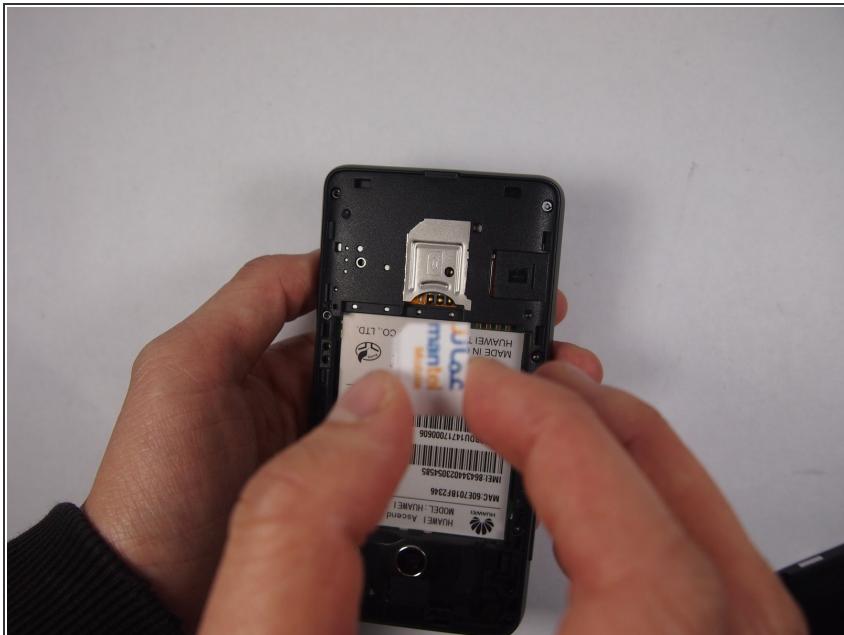

- Lift up and remove the battery for replacement.

## Step 3 — Replace The Battery

- After the battery is removed, replace the battery
- Make sure the battery sits correctly by locating the power output at the bottom left.

## Step 4 — SIM Card

- Remove the SIM card by sliding it upwards.
- The gold plate on the SIM card should face the back of the phone and the little dent sits at the bottom right.

**i** Huawei Y300 will not accept micro SIM card.

To reassemble your device, follow these instructions in reverse order.
