## INTRODUCTION

This is a prerequisite guide only! This guide should be used in conjunction with other guides.

This guide shows how to open the top assembly for servicing the Karcher 14286230 Vacuum.

---

### TOOLS:

- [T15 Torx Screwdriver](#) (1)
-

## Step 1 — Unlatch the top assembly

**i** Before you begin, unplug the vacuum and disconnect all hose accessories.

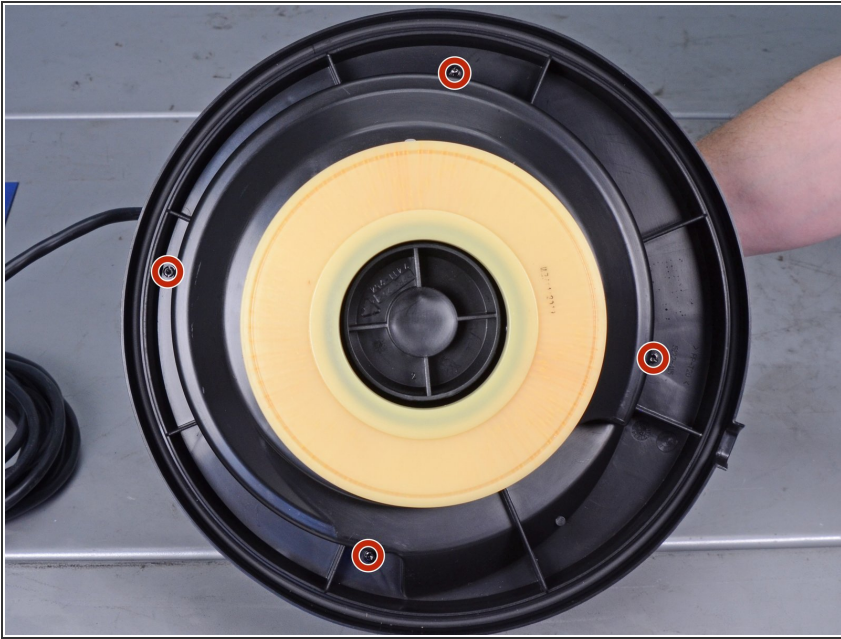

- Release the two latches locking the top assembly in place.

## Step 2 — Remove the top assembly

- Lift and remove the top assembly from the tank.

### Step 3 — Unscrew the top assembly

- Remove the four T15 screws securing the top assembly.

To reassemble your device, follow these instructions in reverse order.
