

Keurig K55 K Cup Holder Replacement

This guide demonstrates how to replace the Keurig K55's K Cup Holder.

Written By: William O'Brien

INTRODUCTION

Is your Keurig K55 unable to close? If so, your K Cup Holder may be faulty. Here's a guide to replace the K Cup Holder. No tools are required.

Step 1 — K Cup Holder

- Grab the silver handle and pull it up.

Step 2

- With two fingers, grab both sides of the K Cup holder.
- Pull the holder out by lifting straight up.

To reassemble your device, follow these instructions in reverse order.
