

Kodak EasyShare C713 LCD Replacement

Replace the LCD in your Kodak EasyShare C713.

Written By: Taggart Ashby

INTRODUCTION

Removing and replacing the LCD and LCD casing.

TOOLS:

- [Phillips #00 Screwdriver](#) (1)
 - [Soldering Iron](#) (1)
-

Step 1 — Batteries

- Use your finger tip to slide battery cover door away from the center of the camera.
- The battery door should spring open.
- If this does not happen, gently open the door lifting from the outer bottom side of the camera.

Step 2

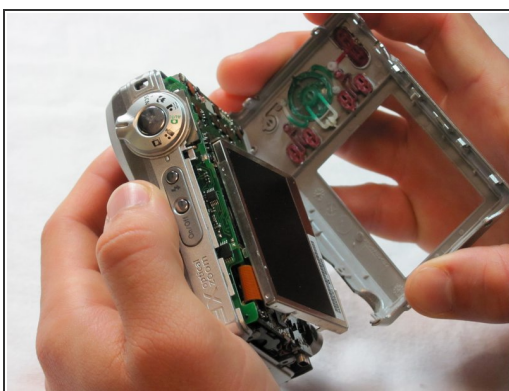

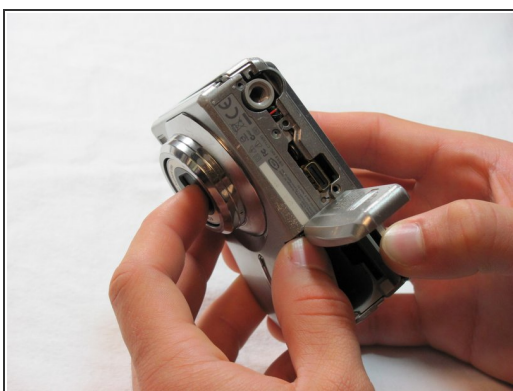

- Remove the old batteries.

Step 3 — Outer Case

- Remove the seven screws from the outer case with a Phillips #00.
 - All screws are 4.45mm.
 - There are 2 screws on the port side.
 - There are 2 screws on starboard side.
 - There are 3 screws on the bottom.

Step 4

- ⚠ Make sure the battery cap is "up".
- Pull the outer case off with your hands.

Step 5 — LCD

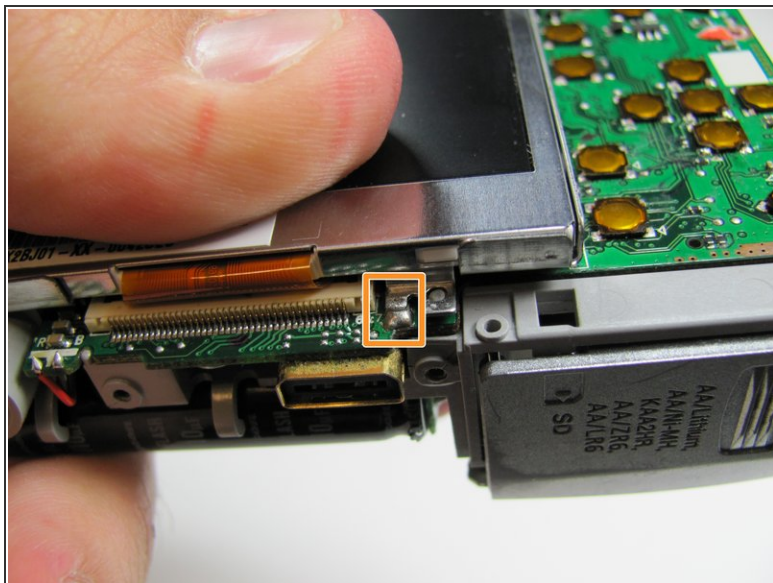

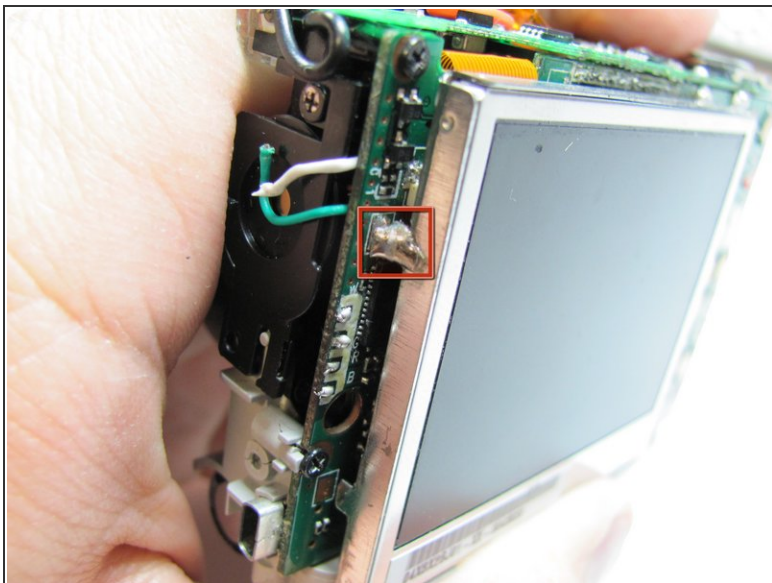

- ❗ The LCD screen is hinged at the bottom.
- Put your thumb in the upper right corner of the LCD screen.
- Pull the LCD screen out of its outer case with your thumb.

Step 6

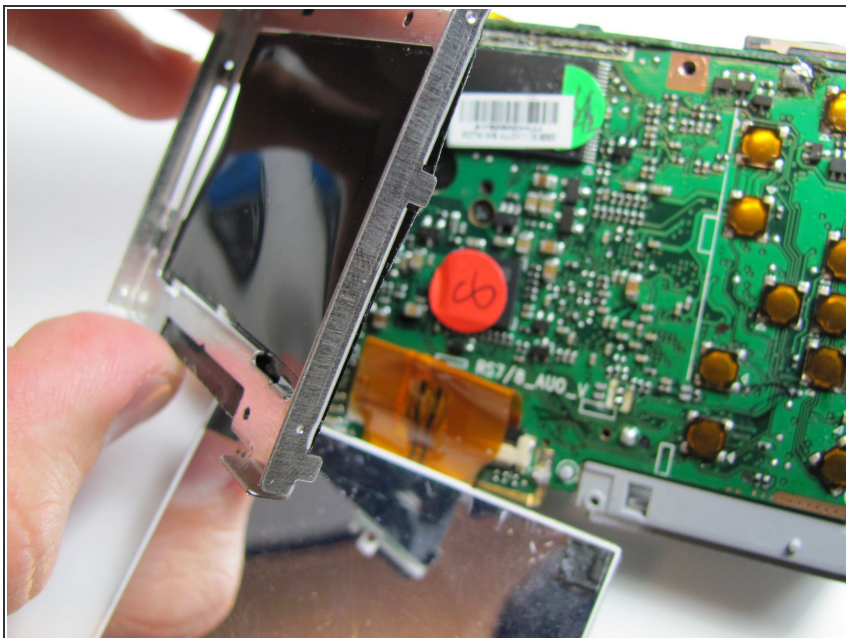

- Remove the screw underneath LCD screen with the Phillips #00. The screw measures 4.1mm in length.

Step 7

- Desolder the two points.
 - One on the port side.
 - One on the bottom.

Step 8

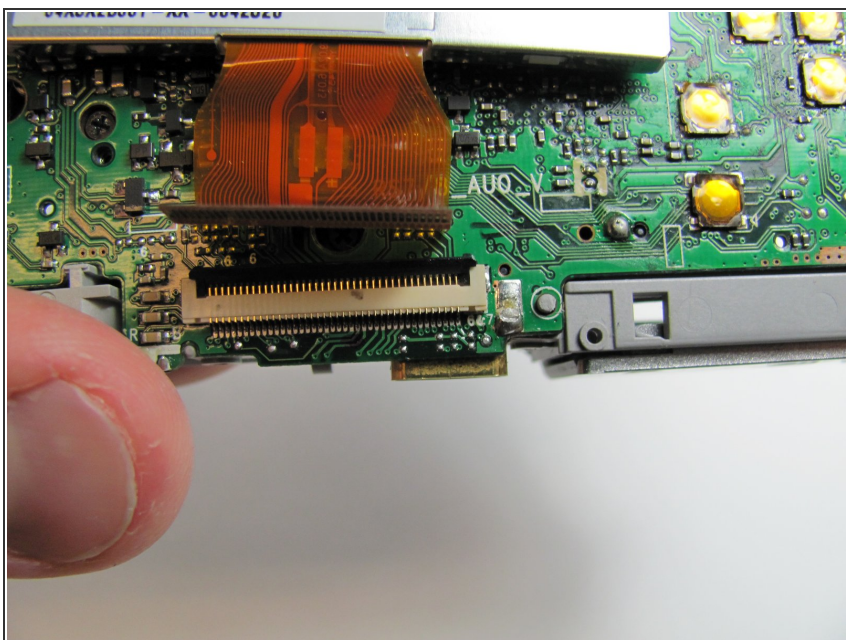

- After desoldering the LCD casing, just use your fingers to carefully remove it.

Step 9

- Flip up the black tab on the bottom of the LCD screen with a fingertip.

Step 10

- Remove the LCD ribbon cable from inside the black tab.

To reassemble your device, follow these instructions in reverse order.
