INTRODUCTION

A quick SIM card replacement guide for the Kyocera Hydro Life smartphone.

TOOLS:

- [Tweezers](#) (1)
-

Step 1 — SIM Card

- Remove back cover of the phone.
- ❗ The back cover has a gap to grip when removing the cover.

Step 2

- Then remove the battery.
- ❗ Lift the battery from the bottom of the phone to remove.

Step 3

- Remove the sim card.

⚠ Data will be lost from replacing the sim card.

Step 4

- Insert a new sim card.

☞ The sim card goes in the bottom slot—below the SD card slot.

To reassemble your device, follow these instructions in reverse order.
