INTRODUCTION

If your phone has problems turning on or staying on, you may need to replace the battery. Follow this guide to do so.

Step 1 — Battery

- Place the phone so the screen side is facing down.
- Locate the latch at the end of the phone, opposite of the camera.

Step 2

- Push/pull the latch away from the camera, causing the battery to pop out.

Step 3

- Remove the battery.

To reassemble your device, follow these instructions in reverse order.
