INTRODUCTION

This guide will demonstrate how to take off the back cover of the phone and remove the battery.

TOOLS:

- [Spudger](#) (1)
-

Step 1 — Battery

- To gain access to the phone's speaker, grip the phone firmly in an inverted position with the back of the unit facing up and the LG insignia positioned away from you.
- Using both hands as support, use your thumbs to gently guide the rear housing away and in the direction of the arrow.

Step 2

- After removing the phone's back-panel, securely cushion the front of the phone on a soft surface such as a cloth or your hand.
- Gently insert a spudger under the lip of the battery, preferably the lip away from the camera eye.
- Gently pry the battery out of its seated position.

To reassemble your device, follow these instructions in reverse order.
