

LG Rebel Battery Replacement

How to replace a battery in your LG Rebel.

Written By: Jessica Robles

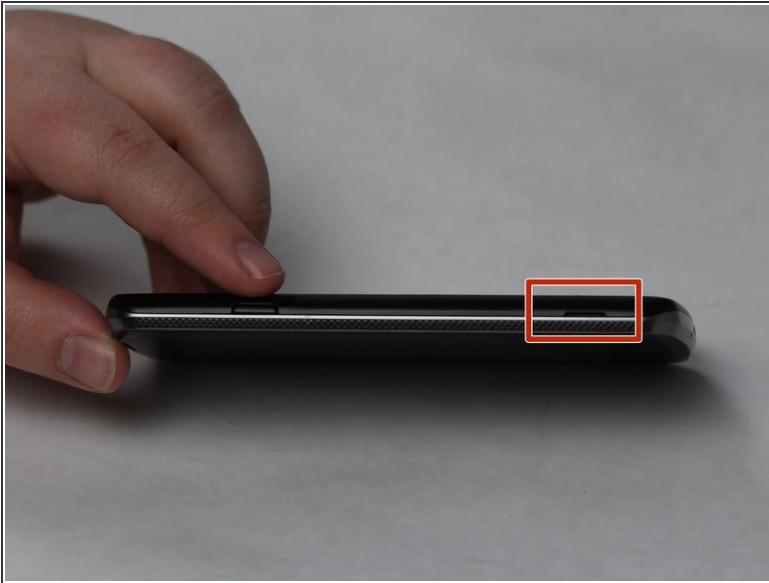

INTRODUCTION

This guide is to replace a damaged battery on the LG Rebel. It is important because your phone will not charge or turn on if the battery needs to be replaced.

TOOLS:

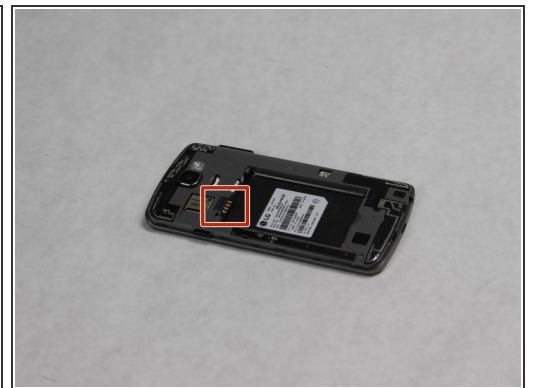

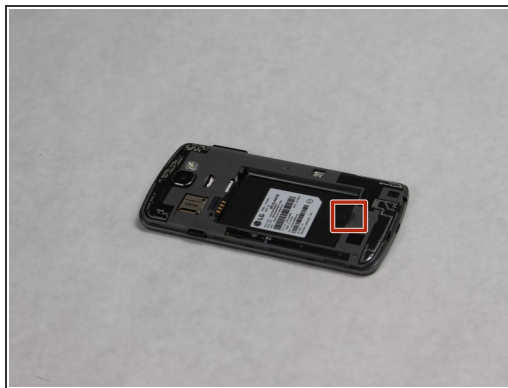

- [iFixit Opening Tools](#) (1)
-

Step 1 — Battery

- Turn the phone on its side and locate the small groove.
- Use the plastic opening tool to take the back cover off of the phone.

Step 2

- Place the plastic opening tool in the little insertion at the bottom of the battery and pop it out.
-  Our LG Rebel did not come with a battery.
-  Make sure the lines on the battery match up with those on the phone for it to be properly used.

To reassemble your device, follow these instructions in reverse order.
