

# LG Shine Battery Replacement

Replacing the battery for this device is simple and easy.

Written By: Tiffany Cogswell

## Step 1 — Remove Back Casing of LG Shine

- ① Remove the plastic back panel of the phone.
- Use the small crease to prop open the back casing.

## Step 2 — Remove Battery

- Find the slot at the bottom of the battery. Use a fingernail or opening tool to pry out the battery.

## Step 3 — Battery Removed

- Use your thumb to gently remove the battery.

To reassemble your device, follow these instructions in reverse order.
