Step 1 — Battery

- Turn the closed phone so that the back panel is facing you.

- Press down and forward firmly on the gray tab in the middle of the phone.

Step 2

- Now just lift up on the battery and remove it from the phone.
Step 3 — Rear Cover

- Remove the rubber grommet using a Spudger.

Step 4

- ⚠️ Be sure not to lose the screws. They are small!

- Remove the five screws using a Phillips #00 Screwdriver.

Step 5

⚠ When removing back cover, be careful not to break the speaker wires.

● Using an iPod Opening Tool, carefully pry off the back cover.

● Using Tweezers, gently pull speaker wires out.

Step 6

● Separate the two halves.

To reassemble your device, follow these instructions in reverse order.
