How to remove the back cover of your Lenovo Legion Y530-15ICH.

Written By: Nick Herzig

INTRODUCTION

This guide is a starting point to begin replacing or fixing the other components within. It can also be used to replace the back cover if necessary.

TOOLS:

- [iFixit Opening Picks set of 6 \(1\)](#)
- [JIS #1 \(1\)](#)

Step 1 — Back Cover

⚠ Ensure the device is powered off.

- Remove five 7mm screws using the JIS #1 screwdriver.
- Remove six 4mm screws using the JIS #1 screwdriver.

Step 2

- Carefully pry the back-cover off the computer using an iFixit Opening Pick.
- ⓘ Start at the corner of the laptop and work your way around the side. Gently pull up on the cover until it detaches.

To reassemble your device, follow these instructions in reverse order.
